A patriot nation remembers

The following are remarks made by Belle Glade Mayor Steve Weeks at a Veteran's Day Barbecue held Sunday, Nov. 9 at the Belle Glade Marina. The event was sponsored by the American Legion, Post 20.

Once again, Veterans Day is upon us and thus we are afforded the opportunity to proudly and gratefully recognize the hard-ships and sacrifices demanded from, and faithfully accepted by, the millions of men and women who have defended our land in war and peace.

It is a day to review memories of past honor and extraordinary sacrifice.

It is a day to celebrate peace and the bright victories that grew from dark battles.

It is a day to dream of a brighter future. Veterans Day is also a reminder

that we have an obligation to safeguard the precious legacy of our Founding Fathers - a legacy of freedom, justice and liber-

Veterans Day commemorates the courage and patriotism of all of Americas veterans who have contributed so much to the cause of world peace and the preservation of our way of life.

Yet what sets apart the veterans we honor today? How do we identify them?

In truth, our veterans

are the very eml of America itself. They reflect the diversity and strength that is the core of our nation.

our nation.

Veterans are white...and they are black; they are of every race and ethnic heritage. They are men, and they are women.

They are Christians. They are Muslims. They are Jews.

They're your neighbor next door, the mer chant on the street, and the police officer on the

lion who have died in America's wars.

Most of these veterans are unsung heroes, ordinary citizens who did their duty. There deeds have never been chranicled. Yet without the courage and sacrifice of those faceless men and women, thousands of whom gave their lives in the "line of duty" to protect our freedom, America would likely have perished along the road to the 21st century.

They remind us all that this great nation was not established by cowards, or will cowards preserve it. America will remain the land of the free only so long as it is the home of the brave. What we remember and honor on Veterans Day are those brave men and women who believed so much in an idea, and were so possessed by a sense of duty and, honor, that they

sessed by a sense of duty and honor, that they were willing to risk death for it. And the idea, of ourse, is freedom.

Freedom is America's heart. It is central to

our being, not only because it is practical and beneficial, but because it is morally just and right. And from the beginning, we have always recognized that freedom is not just an American right; it is a God-given right to every citizen of the world.

the world.

But that freedom can be retained only by the eternal vigilance that has always been its price.

Those of us who have seen the dead and the wounded, the mud and the misery, the suffering and the sacrifice of war, and those who have given their loved ones in mortal conflict, know full well that a democracy can exact a yery harsh payment on those who share in its bounty. Freedom is never free.

As the American patriot Thomas Paine gailet.

As the American patriot Thomas Paine said: "Those who expect to reap the blessings of free-dom must...undergo the fatigue of supporting it... What we obtain too cheap, we esteem to

lightly."

Let it never be said that we Americans esteem too lightly our blessings of life, liberty, and the pursuit of happiness.

Experience is both the best and the most expensive teacher. We may not be the world's policeman, but let us never forget the fundamental lesson of this century, which is that problems abroad, if left unattended, will all too often come home to America. We have a responsibility to use and defend our own freedom, and to help others who share our passion for liberty, peace and the blessings of a normal life.

America is all there is. There's obody else in the world look out for our interests, and the interests of world peace. We must, therefore, keep our arms ready and our alliances strong because challenges of the future won't be any easier than those of

That is why our armed forces must remain the best led, best trained, best equipped and most respected in the world. America is a compassionate

America can never fully repay her veterans.

And we will never be able to express our feelings to our fallen soldiers. But if there is a crown in heaven, then they are the stars.

We must never forget how blessed we are in ne modern world to live in a free society, nor riget the sacrifices of our friends, relatives, eighbors and countrymen who served us all in ne dark hours of war and conflict.

Our veterans did not disappoint their nation when it needed their service. They, in turn, should not be disappointed in their times of

There are veterans who have face alonely future. Many are homeless and in need of medical care. They are women, strugele with war related disabilities. They also

serve and defend our hation and its ideals. We venerate patriotism, but we find something irritating when they submit their expense vouchers. We owe them more than that.

Throughout history, Amprica's veterans have served and served well. They saw democracy challenged and they defended it.

Their heroism was prompted by faith in the fundamentals that have guided this nation from its beginnings the idea that liberty must be protected, whatever the cost.

We must, therefore, honor and care for those who distinguished their lives in the cost. We must, therefore, honor and care for those who distinguished their lives in the defense of freedom. We must provide a dignity befitting heroes...whatever the cost. And of course, we should thank the 26 million living veterans who have served their nation so

We must also remember another important group, the MIAs. They are missing in action, but they are not missing from our hearts. They are missing from our lives, but not from our thoughts and prayers.

but they are not missing from our hearts. They are missing from our lives, but not from our thoughts and prayers.

Let us close no books, write no last chapters, reach no final conclusions until we have the fullest possible accounting for every serviceman and woman still missing in Southeast Asia.

We know that if the world is faced with the unfortunate occurrence of war, American men and women will be there to meet the challenges, defend our nation, and work toward peace.

America can and will change, both today and in the future. However, what must not change, not today, not tomorrow, not ever, is our recognition of the debt we owe to America's veterange for keeping the American way of life safe and free. Those who served in the armed forces of the United States are our nation's guardians who protect and defend the sacred traditions entrusted to us by our Constitution.

To paraphrase Winston Churchill, "Never has so much been owed, by so many, to so few."

Stand up, America, and cheer them, Stand up, America, and honor them.

God bless America, and God bless those wholove, guard and defend our precious freedom.

Thank you.

Since its establishment in 1987 in Wellington, The Pediatric Cepter has provided services to children in Palm Beach County and the western communication. nities. Due to the growing number of patients traveling from the Belle glade, Pahokee and Clewiston areas, we have decided to open an office in Belle glade at the Palms West Professional Plaza.

Our staff consists of our board certified pediatricians, Dr. Shirley A. Marineau, Dr. Susan Shamaskin, Dr. Stacey Clark and Dr. Grissel Diaz del Villegas. Recently joining us is Dr. Ali Khosrayani, who is board eligible in pediatrics and will be taking his exam this year. As an added benefit, four of our physicians are bilingual in English and Spanish.

Our practice specializes solely in the care of children - from newborns to adolescents. We provide services such as well child care, including immunizations, hearing and vision testing, hemoglobin tests as well as tuberculosis screening. Because of our special training, exam rooms and instrumentation, we are able to take care of children of all ages, including children with disabilities. Also, we diagnose and treat most childhood illnesses and pay special attention to prevention. When needed, we refer to pediatric sub-special attention to prevention.

The Pediatric Center offers special services for children with chronic ear infections and monitors our asthmatic patients with the help of in-house oxygen measurements as well as spirometry. We offer in-house testing for other diseases as well. Also, we make special arrangements to provide free immunizations to patients without insurance coverage. Pahokee Clinches District 14-3A Title with 33-0 win over Crusaders NEXT UP, MUCK BOWL

By Robbie Everett
The Pahokee Blue Devil football team, led by junior quarterback Anquan Boldin, secured home-field advantage in the post-season splayoffs by shutting out the Cardinal Newman Crusaders last Friday evening. Pahokee will host Cocoa Beach in the opening game of the

post-season play.

Boldin continues to dominate in the area of rushing yards. Last Friday he rushed for 190 yards, passed for 67 yards and scored 3 of 5 by the Blue Devils. The first score came on a risky 4th and 3rd from the Crusader's 20. He confounded the opponents as he ran around, between and thru them for the score. Rodriguez kicked the extra point giving the Blue Devils a 7-0 lead. Pahokee scored again in the second quarter on a 4 yard run by senior running back James Snead:

Pshokee had a 14-0 lead at halftime. Sophomore defense kept Cardinal Newman's quarterback at bay all evening. Four times he was sacked by the Devils. Two of the sacks were attacks by sophmore defender Willie Earl Ransom. The second half was more of the same for the Crusaders. Boldin scored twice on runs of 3 and 49 yards. The final scored twice on runs of 3 and 49 yards. The final score was a 39 yard run by freshman stand-out Jawarski Bouie. Bouie just moved up from the junior varsity. The Blue Devils regular season will end this week with the annual MUCK BOWL, this year hosted by neighboring rival Glades Central. This game is the Glades Area playoffs, for bragging rights for the next year or until the first BASKETBALL game between the two schools. Did I say basketball? Yes!

The Dayie Chicks are fiddler Martie Stelel, her isster I mily I rwin (guitar, bamp), dobror and vocalist Natalie Maines.

This Dallas based group has just put out a new CD and valco and comes to Fire On The Swamp riding at its highest crest ever, following tons of Japan, Brussels, Paris and Monte Carlo, Just about sundown, when The Divic Chicks take the Fire On The Swamp stage, Jans at the Big Cypress areas will see a lot more than just three prefix faces. Sweet country roots music meets the lonesome bluegrass mountain on the Nashville Jashion runway. That's The Divic Chicks.

FIRE ON THE SWAMP is South Florida's largest country music festival hosted, each fall, by the Seminole Tribe of Florida at the Big Cypress Rodeo and Entertainment complex. This festival combines music, fun, adventure and culture for a unique South Florida family experience. This year's show is one day only and will feature an arts and crafts marketplace, Budweiser, Coca Cola, food and four stages of music, including Shana Banana's Children's Village and the Swamp Water Cafe stage. The indigenous people of Florida have camped in these parts since before Europeans visited the peninsula; today, about 450 Seminole Indians live on 52,337 acres of sovereign soil about an hour from Ft. Lauderdale, Naples or Clewiston.

DIRECTIONS: From the north, find S.R. 80, which connects Fort Myers with West Palm Beach. Head south on C.R. 833 (between Clewiston and LaBelle) or C.R. 835 (east of Clewiston at the Evercane Sugar sign) and follow signs to the Indian Reservation. From the south, take I-75/Alligator Alley Exit 14 (Snake Road, at the Broward-Hendry County line) and go north 16 miles. The Entertainment complex is just south of the Big Cypress village.

ALSO: Visit Billic Swamp Safari and the Tribe's brand new Ah-Tah-Thi-Ki Museum, and enjoy Fire On The Swamp discounts. Drive carefully and watch for Florida panthers,

black bears and alligators crossing the road.
